Culinary Hints and Tips from the Judges

- Tap down lightly before placing tin in oven
- Do not use skewer to test if cake is cooked. *It will leave a mark in the centre*
- Line cake cooler (tea towel) so no marks on base
- Mix should be moist and rise evenly without cracks
- If unsure if cake is cooked place an ear near tin – a noise will mean return to oven to complete cooking
- A cake leaving the side of tin is usually cooked
- When icing, keep to thin layer and leave the centre free of decoration
- Cut raisins for rich fruit cake – cake improves in flavour if made early
- Pikelets should be round and thin so as they can be rolled without cracking
- Use a 5cm cutter for scones. Place almost touching on tray. Brush top with liquid. Cook in hot oven to brown. Dust flour from base of scone. Use the first cut only
- Slices should be cut into even 5cm squares
- Biscuits must be crisp, brown and have the flavour of the variety

Hints & tips for exhibiting your photos

- Presentation is important – cut mounts neatly and straight – and then attach photo to mount squarely.
- Black mounts present most photographs well. White and colours are acceptable.
- Mounts may have lines and borders, ensure that these are straight.
- No other marks on the front of mounts
- Make sure the photograph is in the relevant Class

Hints & tips for good photographs

- Check that horizons are level.
- Use close objects like trees or leaves to frame your scene.
- Look for interesting details in subjects and consider moving closer.
- Take your time, take more than one shot.
- Consider the lighting in portraits.
- Use of a flash can reduce shadows particularly for portraits in strong sunlight.
- Automatic flash works within a set range. Too close will overexpose (drain colour) from subjects. Too far away will underexpose and lack contrast.
- Look at picture books, photography magazines and photography websites for ideas.
- Expensive camera equipment is not necessary - just good ideas.
- The best camera you have is the one you have with you. Use your phone, tablet, point and shoot, compact or DSLR. There is a digital device to suit everybody, encourage your children to capture images with these too.
- Don't forget to print your photos!
