- Mix should be moist and rise evenly without cracks
- If unsure if cake is cooked place an ear near tin - a noise will mean return to oven to complete cooking
- A cake leaving the side of tin is usually cooked
- When icing, keep to thin layer and leave the centre free of decoration
- Cut raisins for rich fruit cake - cake improves in flavour if made early
- Pikelets should be round and thin so as they can be rolled without cracking
- Use a 5cm cutter for scones. Place almost touching on tray. Brush top with liquid. Cook in hot oven to brown. Dust flour from base of scone. Use the first cut only

Entry Forms and Exhibits to be received by 10am Wednesday 13th May

Conditions of Entry:

- Commercial printing results in higher quality photographs and are therefore preferred but inkjet or laser printed photographs are accepted.
- No photo to compete in more than one section (i.e. no photo may compete in both the Print and the Enlargement sections).
- Previous prize-winning exhibits in Blackbutt are not eligible to compete.
- Photographs must be mounted securely on suitable cardboard/card (black, white, or coloured).
- Mount with a border that is larger than print - preferably 1cm to 2cm at top and sides and 2cm to 3cm at bottom. **Definitely no staples.**
- Commercial photo matts are accepted, all due care taken but no responsibility taken for possible damage to matts during the display time.
- All classes unless stated are **single photos**.
- Please attach a label with name, address and class to the back of mount.

Hints & tips for exhibiting your photos

- Presentation is important - cut mounts neatly and straight - and then attach photo to mount squarely.
- Black mounts present most photographs well. White and colours are acceptable.
- Mounts may have lines and borders, ensure that these are straight.
- No other marks on the front of mounts
- Make sure the photograph is in the relevant Class

Hints & tips for good photographs

- Check that horizons are level.
- Use close objects like trees or leaves to frame your scene.
- Look for interesting details in subjects and consider moving closer.
- Take your time, take more than one shot.
- Consider the lighting in portraits.
- Use of a flash can reduce shadows particularly for portraits in strong sunlight.
- Automatic flash works within a set range. Too close will overexpose (drain colour) from subjects. Too far away will underexpose and lack contrast.
- Look at picture books, photography magazines and photography websites for ideas.
- Expensive camera equipment is not necessary - just good ideas.
- The best camera you have is the one you have with you. Use your phone, tablet, point and shoot, compact or DSLR. There is a digital device to suit everybody, encourage your children to capture images with these too.
- Don't forget to print your photos!
